In Crockett county, West Tennessee. there have been planted this season 60,000 pear trees, 100 000 apple trees, 200,000 peach trees, 400,000 plum trees, and 500 additional acres planted in strawberries. Crockett is already far in advance of any county in the State in the small fruit business. Gadsden is the largest shipping point for that industry in the whole South.

All internal revenue taxation ceased on July 1st, except on whisky and tobacco in its various form. Checks, drafts, orders, vouchers, perfumery, matches and proprietary medicines and bitters, ceased to require stamps. The change in the postal law re ucing the cost of money orders, also went into effect on the 1st inst. The reduction letter postage to two cents does not take effect until October 1st. They speak, most of them, with bated breath, and few in their front line are anxious to make proselytes. In all which I trace the progressive agency of Christianity. Its movements now as a supernatural force are more and more downward into the instincts of man as an individual, and more and more into the very core of the heart of humanity as the heart of the race. God be praised! Despite of some unfavorable signs-signs of the hour rather than "signs of the times," we are learning much of what nature means in the constitution of man and of the universe, and this must inevitably give us a clearer and more resplendent vision of Christ as "the power of God and the wisdom of God."
